The Earth: Worksheet

Watch the video first, then try these on your own!

Name: _____ Class: _____ Date: _____

1 Match the landform

Column A		Column B
Very high, snow on top	• ——— •	Plain
Flat land with farms	• ——— •	Desert
High and flat, like a table	• ——— •	Mountain
Low land between mountains	• ——— •	Plateau
Dry and sandy	• ——— •	Valley

2 Salty or fresh water?

Water body	Salty	Fresh
Ganga river	☐	☐
Arabian Sea	☐	☐
Indian Ocean	☐	☐
Jog Falls	☐	☐

3 Activity: catch the globe

You need:

- a ball globe (or a ball with blue and green patches)
- a friend
- paper and pencil

Steps:

1. Toss the globe to your friend.
2. Check: is their right thumb on water or land?
3. Make a tally mark.
4. Do it 10 times. Count the marks.

4 My tally

Thumb on…	Tally marks	Total
Water		
Land		

Think: Is there more water or more land on Earth?

.....

5 Test yourself

1. What shape is the Earth?

.....

2. Name the three things the Earth has. *(Hint: L, W, A)*

.....

3. Why is Earth called the blue planet?

.....

4. What filled the balloon?

.....

5. Write two ways to care for our Earth.

.....

Answer key (for parents and tutors):

1. Snow–mountain, farms–plain, table–plateau, between mountains–valley, sandy–desert.
2. Ganga–fresh, Arabian Sea–salty, Indian Ocean–salty, Jog Falls–fresh.
3. Most tosses land on water (about 7 out of 10).
4. (1) round, like a ball (2) land, water and air (3) about 70% is water (4) air (5) e.g. no littering, save water, plant trees, reuse.
