Weather and Seasons: Worksheet

Watch the video first, then try these on your own!

Name: _____ Class: _____ Date: _____

1 Weather detective: match the clue

Column A		Column B
Wet roads, umbrellas	• ——— •	Windy
Kites flying, leaves blowing	• ——— •	Sunny
Sharp shadows, caps	• ——— •	Cold
Sweaters, foggy breath	• ——— •	Rainy

2 Which season?

Tick (✓) the season for each clue.

Clue	Summer	Monsoon	Autumn	Winter	Spring
Eating gajar halwa	☐	☐	☐	☐	☐
Sailing paper boats	☐	☐	☐	☐	☐
Eating mangoes under a fan	☐	☐	☐	☐	☐
Playing Holi among flowers	☐	☐	☐	☐	☐
Diwali, clear pleasant sky	☐	☐	☐	☐	☐
Farmers sowing rice	☐	☐	☐	☐	☐

3 My weather chart (one week)

Day	Weather symbol (☀️ ☁️ 🌧️)	Hot / cool / cold?
Monday		
Tuesday		
Wednesday		
Thursday		
Friday		
Saturday		
Sunday		

Think: How many sunny days did you have this week?

4 Activity: the woollen sock test

You need:

- two cups
- warm water (an adult pours)
- one woollen sock

Steps:

1. Ask an adult to pour warm water into both cups.
2. Put one cup inside a woollen sock.
3. Wait 30 minutes.
4. Touch both cups. Which is warmer?

Safety: Only an adult should handle hot water.

5 Test yourself

1. What is weather?

2. Which is the coldest season?

3. Why does wool keep us warm?

4. To see a rainbow, where must the sun be? *(in front of you / behind you)*

5. Write two ways to keep the Earth cool.

Answer key (for parents and tutors):

1. Wet roads–rainy, kites–windy, shadows–sunny, sweaters–cold.
2. Halwa–winter, paper boats–monsoon, mangoes–summer, Holi–spring, Diwali–autumn, sowing rice–monsoon.
3. Chart: answers will vary.
4. The cup in the sock stays warmer: wool traps warm air.
5. (1) how the air and sky are right now (2) winter (3) it traps warm air so heat escapes slowly (4) behind you (5) e.g. plant trees, switch off fans/lights, walk or cycle, use cloth bags.
